

## Changing your password in Webmail

The instructions below will help you change your @smart-wire.com email password in Webmail.

1. Login to your Webmail at <http://mail.smart-wire.com>.

2. Click on Account Options in the upper right corner, and select Change Password from the pull-down list.

3. On the Change Password screen, enter your current (Old) password, and enter the new password you want. Then click the Save button. Your new password is saved.
