

## Using spellcheck in Webmail

The instructions below will help you use spellcheck in Webmail.

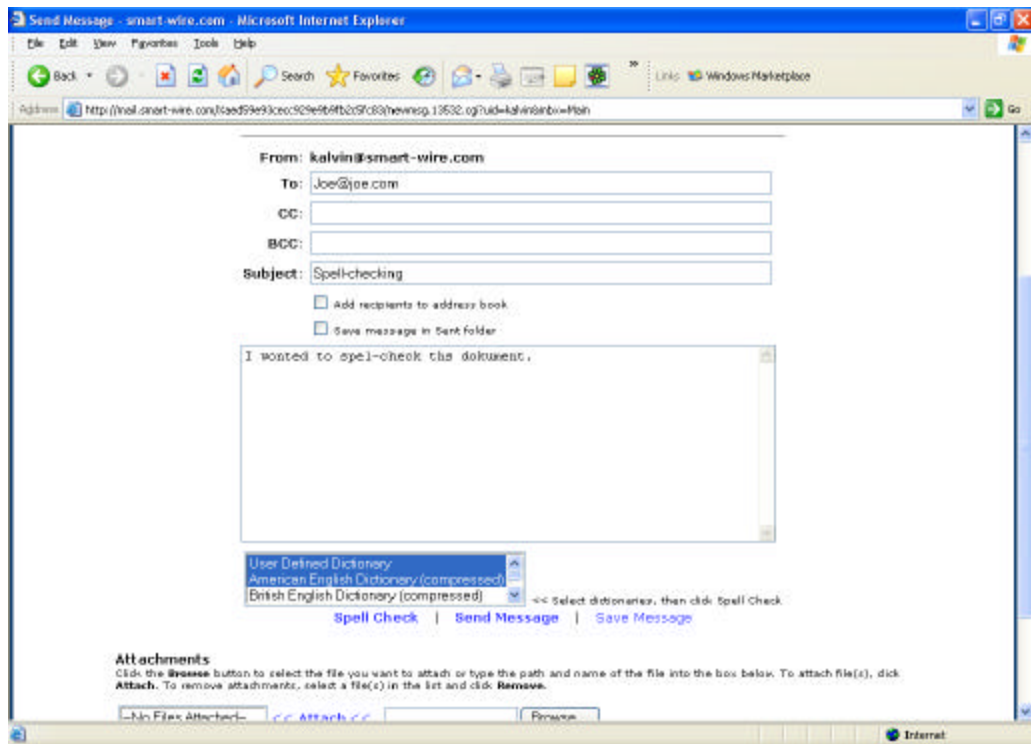

1. Login to your Webmail at <http://mail.smart-wire.com>.

2. Click on Compose to begin sending an email.

3. Once your email is composed, click Spell Check at the bottom of the message body box.

4. Misspelled words will show up in red in the pop-up spell-checker window.
